#### **INTRODUCTION:**

Welcome to the COMPASS survey on University Lifelong Learning (ULLL) in Moldova!

Thank you for accepting to collaborate in the collection of data. It will help us to identify the gaps in Moldavian ULLL and to plan useful and practical training for you. We assume that all the users of this survey will be managerial staff from Moldavian universities which have already in place some form of ULLL strategy and structure. In the case your institution is still at the stage of developing the first concept of ULLL strategy and structure, please explain this in section 1.1, under "Other" and we will have it into account. Thank you.

L
7.2 What indicators would you use to measure progress towards this ideal?
Please comment: The number of beneficiaries
7.3 What do you think about the following definition of ULLL? Do you think it matches your own institutional view of ULLL? Partially? Totally?
ULLL is the provision by higher education institutions of learning opportunities, services and research for: the personal and professional development of a wide range of individuals - lifelong and lifewide; and the social, cultural and economic development of communities and the region. It is at university level and research-based; it focuses primarily on the needs of the learners; and it is often developed and/or provided in collaboration with stakeholders and external actors
Please comment: I think the definition of ULLL matches our university's view and ULLL will continue to develop to offer all of that
