Please comment:

Development of the legal framework meant to promote LLL.

7.3 What do you think about the following definition of ULLL? Do you think it matches your own institutional view of ULLL? Partially? Totally?

ULLL is the provision by higher education institutions of learning opportunities, services and research for: the personal and professional development of a wide range of individuals - lifelong and lifewide; and the social, cultural and economic development of communities and the region. It is at university level and research-based; it focuses primarily on the needs of the learners; and it is often developed and/or provided in collaboration with stakeholders and external actors

Please comment:

I generally agree with this definition, but I believe that the Romanian version should be present for a better understanding.

Thank you for your collaboration. Please return this questionnaire to:
