**Project title: TOWARDS EUROPEAN UNIVERSITY LIFLONG
LEARNING MODEL IN MOLDOVA (COMPASS)**

**Adelina Ghetiu, PhD in Pedagogical Sciences,
University lecturer, Head of the DCPT, SUPES**

11-15 November 2019

STATE UNIVERSITY OF PHYSICAL EDUCATION AND SPORT

**Decree of the President of the Republic of Moldova no. 771-IV of 21.09.2006:
The National Institute of Physical Education and Sport was reorganized in the
State University of Physical Education and Sport.**

Programmes carried out in SUPES (2019- 2020):

LICENCE - 7 programmes 180 / 240 credits

MASTER - 7 programmes 90 / 120 credits

DOCTORAT E

Physical education, sport, kinetotherapy and recreation – 180 credits

The vision of the SUPES, in relation to the continuing training strategy, is to be a leader in the education and scientific research in the field of physical culture in the Republic of Moldova, to identify among the reference institutions at national and European level in the realization, training and development of professional competences, skills and abilities necessary for a high performing career path.

The mission of the State University of Physical Education and Sport is to carry out the research and education / training activity at national and international excellence standards through:

- training, development and consolidation of the values of the new knowledge-based society;
- training of specialists in the field of physical culture and sport, kinetherapy, guard, protection and security, high performance, by offering creative study programs, which integrate the results of scientific research and contribute to the intellectual development of students, master's and doctoral students;
- generating competitive qualifications in university and postgraduate training;
- establishing sustainable partnerships with other organizations in the academic and business environment;
- development of a professional and research body of high professional and civic responsibility;
- promoting scientific, cultural and ethical values in the national and international community.

DCPT – subdivision of **SUPES**, was founded by order of the Ministry of Science and Education of the Republic of Moldova no. 247 of 05.08.1993, by which the Physical Education discipline from the Chair of Educational Discipline of the National Institute of Continuous Training was transferred within the Faculty of Further training and Retraining of specialists in the field of physical education and sport.

In 1999, the abovementioned faculty, being merged with the Faculty of Education with Reduced Frequency, functioned as a subdivision of the SUPES until the summer of 2007.

By the decision of the Ministry of Education and Youth no. 04-04-1140 of 28.08.2007 the Department of Continuous Professional Training (DCPT) was founded, whose staff numbers foresaw 5 units.

The ***Mission*** of the **Department of Continuous Professional Training** is to provide educational services of the continuous quality professional training required by the beneficiaries of continuous professional training: institutions and individuals interested in updating knowledge or acquiring new knowledge and skills necessary for further training or professional retraining in the field of physical education and sport in order to actively integrate into the labor market.

Continuous professional training is a set of activities organized for recurrent or compensatory education that prolong or replace initial education, and thanks to which the physical education and sport teachers develop their skills, enrich their knowledge, improve or renew their professional qualification, they form a new orientation and make possible the evolution of pedagogical skills.

The activity of continuing professional training of adults is realized by programs of requalification, improvement or specialization in accordance with the following **objectives**:

- 1) identification of the training / requalification needs of the specialists in the field of physical education and sport;**
- 2) reconceptualising the continuing training of the teachers from the perspective of lifelong learning motivation ;**
- 3) permanent connection of the qualification and study level of the teachers of physical education and sport to the conceptual, methodological, curricular and technological renovation of the national education;**
- 4) human resources development through continuing professional development and training activities;**
- 5) methodological training of specialists, promotion of scientific innovations and advanced pedagogical experience;**
- 6) the analysis of new educational technologies by elaborating the scientific-didactic works for the professional development as well as the valorisation of programming the most current educational problems;**
- 7) providing consulting services, methodological and specialized assistance to local specialized bodies in the field of education, teachers of physical education and sports from the country.**

Key words of the Department of Continuing Vocational Training activity:

motivation,

persuasion,

attitude,

personal development,

human resources.

The State University of Physical Education and Sport provides the Department with the necessary conditions for the activity, offering study spaces, accommodation in hostels, library services, Internet access and other modern information technologies.

The methodical, informational and technical assurance of the process of continuing professional training is realized by the Department of Continuing Vocational Training in collaboration with the specialized chairs and subdivisions of the SUPES.

Strategic objective: the need to strengthen the partnership between all the representatives of the educational community in order to increase:

Quality of the education process

Quality of teacher preparing / training

Motivation of pedagogical institutions graduates (SUPES) to work in general education institutions

SUSTAINABLE ASPECTS OF EDUCATIONAL PARTNERSHIPS

Active participation

Capacity - information,
critical thinking, skills,
innovative methods

Collective action -
equity, solidarity,
cohesion

TRANSFER the focus from the
problem, on

HOW DO WE SOLVE A PROBLEM;

on the **PROCESS** - identification of
the needs, planning the solution and
putting it into practice;

on the **TEAM** - people who initiate
and implement projects for the
educational community

Priority fields for developing the programs / courses within the project:

I.

- **Physical education, sports, kinetotherapy and recreation**

II.

- **Information technology and digital development**

III.

- **Modern languages**

IV.

- **Other fields upon request and the need of the labour market.**

The State University of Physical Education and Sport is in permanent process of searching for enriching traditional practices and values.
