**ERASMUS+ PROGRAMME, KEY ACTION 2  
CAPACITY BUILDING IN HIGHER EDUCATION**

**Towards European University Lifelong Learning model in Moldova (COMPASS)**

Ref. No. 597889-EPP-1-2018-1-MD-EPPKA2-CBHE-SP

**WP3. Advancement of university integrative function through LLL**

**Act. 3.1.3. Consolidation of the university structures for LLL**

**Project partner: P2-AMTAP/MD**

**Brief description of the planned LLL reform:**

(what structures will be created / developed? how will the activity be organized? what services will be provided? others ... )

The LLL reform at AMTAP will include the following steps:

**1. MULTIFUNCTIONAL LLL CENTER**

The mission of the Center is to create and offer an electronic platform for conducting the education process within the AMTAP, based on the electronic resources and modern electronic education tools integration. The Center can be used at all levels of education (Bachelor's, Master's, Doctoral, Life Long Learning) and within different forms of education (direct contact, blended learning, online learning). The AMTAP professors will elaborate on-line and blended courses will be trained in order to use on-line tools and instruments for courses elaboration as well as will use equipment for further teaching at LLL department;

Services offered by the Center will include:

- storage of electronic learning resources;
- use of interactive e-learning tools;
- organization of distance education;
- video conferences hosting; the equipment will be also used for on-line conferences, round tables, webinars with national and international teachers, researchers, HEI staff, artistic community;
- implementation of modern electronic communication platforms between teacher and student;

**Ref. nr. 597889-EPP-1-2018-1-MD-EPPKA2-CBHE-SP**

Co-funded by the  
Erasmus+ Programme  
of the European Union

- creation of electronic portfolios for courses; The on-line and blended learning students (as well as off line students) will have an opportunity to create collections (via *Wakelet*)
- administration of online courses;
- testing/evaluation of students achievements; Teachers will use Content Management System incl. creating e-portfolio, using *Mahara* platform, while the knowledge verification will be organized online using *Quizizz*;
- using open source for knowledge in the arts education etc.
- creation and provision of the electronic environment necessary for the implementation of the electronic education;
- assistance in developing and implementing online courses;
- support in the implementation of interactive e-learning tools; The new tools for interactive presentations will be introduced using *Prezi*; Lectures will be recorded using on-line service *Screecast-o-matic*; On-line lectures, conferencies, will be realized using *Zoom*; Group work with students will be organized by means of *MediaWiki*; *Smart Boards* will be integrated in study process on-line and off-line;
- courses for the training of scientific-teaching staff in the field;
- management and monitoring of electronic resources of the Centre;
- advising students in using the electronic e-learning platform and so on.

Beneficiaries of the Center's services will be students, teaching staff, AMTAP researchers, participants of continuous education programs, different types of LLL students who will apply for Centre educational services and resources.

**2. LANGUAGE LAB** is aimed to offer digital support in foreign languages studies as well as improving the linguistic competences of AMTAP teachers and students. The tools and software described at the 1<sup>st</sup> part of this document will be used for Lab.
